

SR 704 Cross-Base Highway Project

Washington State
Department of Transportation

The Washington State Department of Transportation (WSDOT), lead agency for the new State Route 704 Cross-Base Corridor has begun the design engineering process. As design progresses, WSDOT will be holding monthly open house meetings to keep interested citizens informed of the project.

WSDOT invites you to attend any of the open house meetings to hear about the design project. All meetings will be an open format with no formal presentation. These open house meetings provide the public with the opportunity to learn more about the project and to share your ideas with WSDOT staff responsible for developing the proposed design.

All open house meetings will be held from 4-6 p.m. and will alternate between Woodbrook Middle School Cafeteria and Camas Prairie Elementary School Gym.
